

April 1, 2016

Dear Ashford Resident:

This letter is to introduce Jennifer L. Gauthier, a representative of Vision Government Solutions, the company hired by the Town of Ashford, to conduct the town-wide revaluation for October 1, 2016. A photograph of Jennifer is included below.

Throughout the year, Jennifer will be on-site reviewing and inspecting residential and commercial properties. It may be necessary for Jennifer to review the property with you and verify some of the details that are on the record. Jennifer may knock on your door to ask you questions about your property and may even ask to inspect the interior with you. If an interior inspection is requested, it typically takes less than 10 minutes and the Town greatly appreciates your cooperation with this process.

Jennifer drives a black 2013 Volkswagen Beetle, CT License Plate 556 ZNB.

If you have any questions, please contact the Assessor's Office at (860) 487-4403.

Sincerely,

A handwritten signature in cursive script that reads "Kara J. Fishman".

Kara J. Fishman, CCMA II, MAI
